ClearView Snap

Quick and easy insights

Fuel expense insights delivered straight to your inbox

ClearView Snap gives you a quick snapshot of your company's fueling activity in easy-to-interpret charts and graphs.

ClearView Snap dashboards include:

❯ Fuel consumption in gallons and dollars

❯ Mid- and premium-grade fuel purchasing

❯ A list of your highest-spending drivers

ClearView Snap does the work for you. Based on your WEX fuel card transaction data, it presents your spending over time, alerting you to irregular spending patterns or potential spending spikes that you may miss.

Alexa, ask ClearView Snap for my summary.

With the ClearView Snap skill and Amazon Alexa, you can now get the same valuable insights you receive from your Snap dashboard by simply asking.

ClearView Snap: Dashboards that help you easily monitor your fuel spend

## How much does your company spend on fuel every month?

Are your expenses climbing or are they under control? The **Dollars Per Month** bar chart shows not only the previous month's fuel expense but the spending trend over time.

Dollars Per Month

$2,256,330

$2000.0k

$1000.0k

$0

SEP OCT NOV DEC JAN FEB

In February, your company spent $2,256,330, which is a decrease of 6.2% from last month.

## Do gallons purchased numbers align with your business activity levels?

The **Gallons Per Month** graph shows the previous month's gallons purchased and your fuel consumption trend over time. The trend reflected here should run parallel to business activity volumes. If not, it may warrant your attention.

Gallons Per Month

500.0k

0

SEP OCT NOV DEC JAN FEB

This month, 872,704 gallons were purchased, which is a decrease of 7.1% from last month.
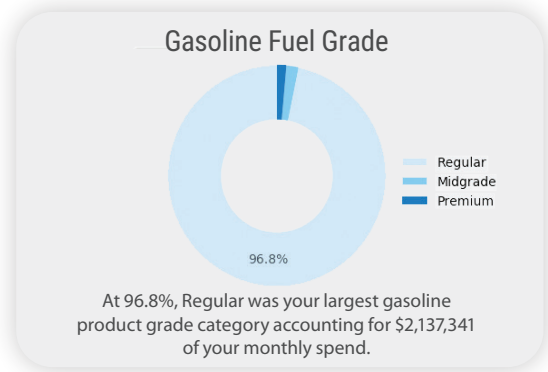

What products are employees buying?

Are there non-fuel purchases? The **Product Type** doughnut chart tells you what products were purchased in the previous month by category. It will alert you to non-compliant purchasing behaviors.

Product Type

Gasoline
Diesel
Other Fuel
Ave Prod

97.9%

At 97.9%, Gasoline was your largest product category accounting for $2,208,164 of your monthly spend.

What fuel grades are employees buying?

Are they the right types for your vehicles? Are employees overspending unnecessarily? The **Product Fuel Grade** doughnut chart breaks down your fuel spend by grade – regular, mid-grade and premium. This information can be very helpful in targeting savings opportunities.

Gasoline Fuel Grade

- Regular
- Midgrade
- Premium

96.8%

At 96.8%, Regular was your largest gasoline product grade category accounting for $2,137,341 of your monthly spend.
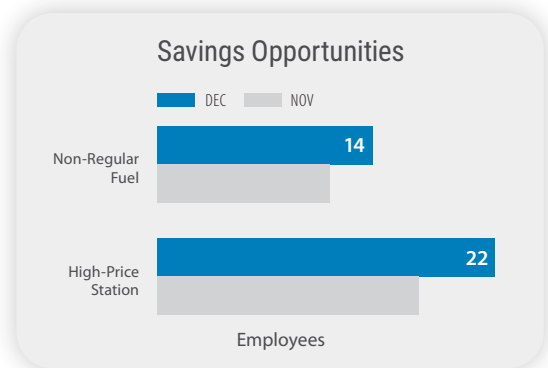

Which drivers are spending the most each month?

Are they the same ones over time? The **High-Spend Employees** graph lists the three employees with the highest fuel expense for the previous month and tracks their spending habits over time.

High Spend Employees

$3,388

$3,139

$2,869

In February, Jonas Williams has spent $3,388 which is 7.9% more than your next highest spending employee.
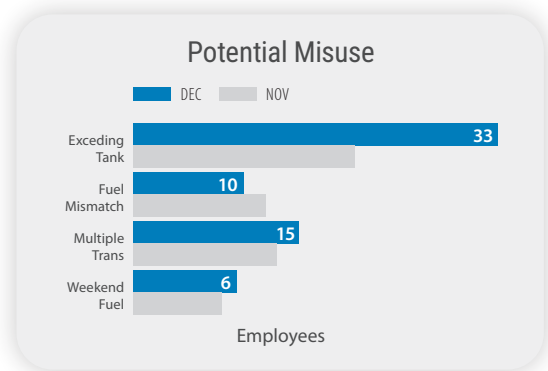

How many drivers are paying too much for fuel?

The **Savings Opportunities Per Month** bar chart tracks two PPG-related exceptions, Non-Regular Grade and High-Price Station. A count of employees triggering these exceptions last month are displayed and compared against prior month.

Savings Opportunities

■ DEC ■ NOV

Non-Regular Fuel — 14

High-Price Station — 22

Employees

How many drivers are making potentially suspicious purchases?

The **Potential Misuse Per Month** bar chart monitors four exceptions that can be an indication of suspicious purchasing activity: Exceeding Tank Capacity, Fuel Mismatch, Multiple Transactions, and Weekend Fueling.

Potential Misuse

■ DEC ■ NOV

Exceding Tank — 33

Fuel Mismatch — 10

Multiple Trans — 15

Weekend Fuel — 6

Employees
