Optimize your procurement processes with the **graspPAY** Virtual Payment Solution

The WEX & graspPAY partnership enables travel managers to eliminate reconciliation and fraud hassles with solutions that provide enhanced reporting and card controls to best manage payment processes at no additional cost.

Why WEX/graspPAY virtual cards?

- Enhance payment data with financial coding to reduce time managing expenses

- Ensure compliance to the corporate travel policy

- Touchless integration into booking flow ensures frictionless experience

- Every card is transmitted with remittance data and payment instructions

- Custom data fields help automate reconciliation and flag discrepancies

- Guest/Non-employee travel payment solution

Advantages of our integrated program:

Get paid to make payments

Control authorization limits

Set who accepts your cards

Enriched data

Better security

More transparency

20+ currencies
